

*If you're looking for trusted ways to make donations for local family needs:*

***McHenry County Community COVID-19 Response Fund***

***Supporting local nonprofit organizations serving our community's most vulnerable neighbors***

*Our local nonprofit organizations are experiencing a surge in demand for services from neighbors and communities significantly impacted by the coronavirus outbreak. It's critical that these organizations have the resources they need to continue to operate at the highest capacity. Your donation will support the agencies that are ensuring our neighbors can access basic needs in this time of crisis.*

***About the McHenry County Community COVID-19 Response Fund***

*The Community Foundation for McHenry County and United Way of Greater McHenry County launched the McHenry County Community COVID-19 Response Fund to unite the funds raised to be disbursed to nonprofit organizations across the community. As we are individually taking steps to protect our own families, workplaces and neighborhoods from the effects of the virus, let's not forget the impact this will have on our neighbors. Missing paychecks, the inability to pay rent, and a lack of access to food and essential supplies are realities that many in our community will have to face in the coming weeks. Please join us in supporting our neighbors across McHenry County.*
